Michelle Handley reported on the following:

1. Reviewed the pumpage from January, usage is down from this time last year.

Superintendent Prignano reported on the following:

1. The District was notified that Senator Gillibrand secured \$1,092,000 for the Neulist Station Well Site from the Congressionally Directed Spending (CDS) applications.
2. The action for the 2003 Ford F250 Pickup truck and the 2020 Ford Expedition ended and the final bid for the 2003 Ford pickup was \$5,200.00 and the final bid for the 2020 Ford Expedition was \$29,100.00. The Board agreed to accept both bids.
3. Received a proposal from D&B for Intersection Map Development for the 2024 Water Main Project in the amount not to exceed \$23,000.00. A motion was made by Commissioner Brackett and seconded by Commissioner Meyer to approve the proposal. The motion was unanimously approved.

Michael Savarese, P.E. reported on the following:

1. Morley Park AOP Treatment – Bensin will be completing their last site punch list item this week, Welsbach is working on their punch list items onsite this week, and D&B has followed up to J. Anthony to complete their remaining items that can be addressed this week. At this time, the only items that cannot be completed at this time are the sanitary sewer connection and the replacement of landscaping items (spring). D&B received the draft permit for the sewer discharge from the NCDPW. The permit has been passed along for final approval in the NCDPW office and is expected imminently.
2. Neulist Station Electrical and Miscellaneous Improvements – D&B followed up regarding the necessary punch list responses from JVR and Philip Ross in accordance with our previous letters. Philip Ross will be onsite this week and next week to handle punch list items, including gas alarm conduit, patching the ceiling, masonry work, door handle, inspect the roofing, and sealing the louvers. SCADA work is being conducted by Eagle Control and will be finished this week.
3. Stonytown AOP Treatment – PSEG visited the site for their final inspection prior to providing a meter and energizing the site. Recent inspections include meeting onsite with Bensin to review plumbing instrumentation items. Upcoming inspections include final exterior siding and trim, a final painting inspection this week (Thursday) of the walls and large diameter piping, and initial well startup once power is on.
4. Ricks Well PFAS Treatment and Station Improvements – D&B is scheduled to have a NCDH/Bid ready set of plans and specifications by mid-February.
5. Sandy Hollow Station PFAS Treatment Improvements and Station Upgrades – Pre-construction meeting was held on 1/23 at 11:30 am. Minutes are currently being prepared for distribution. Given the snowstorm Notice to Proceed was to be pushed until after the storm. NTP was issued for Monday 02/02. LoDuca has begun preparing a baseline schedule for the project. A scheduling meeting will occur after LoDuca sends the baseline schedule. The schedule is required to be provided by 30 days after NTP (March 4, 2026).
6. West Shore Road Tank Site Drainage Evaluation – D&B has reviewed and updated the 2024 bond project estimate.

Checks for payment of claims, due from the Port Washington Water District totaling \$171,809.34 were approved for payment by the Board.

At 9:30am, a motion was made to go into executive session for legal matters. At 10:10am, the regular meeting resumed. There being no further business to discuss the meeting was adjourned at 10:15am.

I hereby certify that the above is a true and correct copy of the minutes of the meeting held on February 4, 2026.

Peter Meyer, Secretary
